

OGC Spring Shamble Rules

Format: 2 Best Ball, 4-Man Shamble

Each player in the Foursome hits a tee shot from the **Gold Tees**. Players then decide which tee shot they want to play next. All players then hit the next shot from that position and continue **to play their own ball** until it's holed out.

Scoring: Once everyone has holed out, **the 2 best scores are recorded** as the team's score for that hole. All scores are gross scores.

Additional Important Rules:

- After you select a tee shot, the normal rules of golf apply for the remainder of each hole as you play your own ball.
- **Teams must use each golfer's tee shot a minimum of 3 times.**
- All 2nd shots must be played within 1 club length (not closer to the hole and in the same cut of grass/sand) from the selected player's ball position.

Teams: Teams will be created on Wednesday, May 8th. Teams will be balanced, with each team's total handicap being as equal as possible. All teams will have an A, B, C and D player. You will receive an email on Thursday, May 9th, with your team and tee time.
